

## WANT TO BECOME A SPONSOR?

### Costs:

#### 1. General Sponsorship:

Silver Sponsor: 2,500 €/year

Gold Sponsor: 5,000 €/year

Platinum Sponsor: 10,000 €/year

#### 2. Special & Extra issues Sponsorship:

Five paper issue: 10,000 €

If you wish to become a sponsor of the ETRR Journal, please contact the Editor-in-Chief:

Dr. Evangelos Bekiaris

Phone: +30 210 9844560

Fax: +30 210 9853193

Email: [abek@certh.gr](mailto:abek@certh.gr)

## WHY SPONSOR ETRR?

- ◆ *Supporting European excellence and innovation.*
- ◆ *Creating links with the European transport research community.*
- ◆ *Siding with the leading European transport research organizations that established ETRR.*
- ◆ *Gaining worldwide visibility in the academic and research community in the field of transport.*
- ◆ *Creating links with policy and administration agencies.*

# THE JOURNAL

The *European Transport Research Review – An Open Access Journal (ETRR)* is an online scientific platform aiming at disseminating research results in the field of transport. The main scope and mission of the Journal is to provide a forum for the publication of high quality scientific papers in the field of transport in general, and a dissemination medium for new ideas and developments that originate in, or are of interest to, the European transport research community. The Journal was established by the European Conference of Transport Research Institutes (ECTRI).

There are three aspects of the Journal's concept that mark a distinct difference to the other journals in the field of transport; first, it is the **open access configuration** that makes it easily and widely available through the internet to all readers with a minimum of constraints and costs; second, it provides focus on **issues of special interest to European transport research**, its funding bodies and supervising organisations; third, it is clearly **oriented towards both researchers and practitioners**.

The Journal considers primarily **papers, on both theoretical as well as applied research**, whose excellence and content represent an important contribution to transport research in Europe. Papers dealing with theoretical or applied research outside Europe are also encouraged to be submitted for publication, as long as their results are of relevance to European transport concerns, or can contribute to scientific knowledge or best practice transfer between researchers in Europe and their counterparts in other continents.

The nine thematic areas of the Journal are:

- ◆ Freight transport and logistics
- ◆ Mobility and transport behaviour
- ◆ Safety and security
- ◆ Transport and economics
- ◆ Transport and the environment
- ◆ Transport infrastructure
- ◆ Transport planning and policy
- ◆ Transport system management
- ◆ Vehicle technology

# SPONSORING ETRR

There are two Sponsorship options available:

## 1. General Sponsor:

The Journal offers the possibility for any organisation to become a **Silver, Gold or Platinum Sponsor**. The sponsor will be acknowledged at the end of every article of the Journal. The sponsor is, however, not involved in the selection or review of the Journal papers, which is only based on scientific criteria and is performed by the Journal's independent Editorial Board. Proposals for sponsorship need to be accepted by the Journal's Advisory Board.

## 2. Special & Extra issues Sponsor:

The publication plan of the Journal includes **three regular and one special issues per year**. Moreover, **extra issues are planned**. **Special and extra issues will be sponsored** by stakeholders in the area of transport. These could be transport operators, industry, universities, research institutes, users' associations, transportation related service providers, public authorities, etc. The topic of a sponsored extra issue can be specified according to the sponsor's special areas of interest. The sponsoring party will have the possibility to address the readers with a preface letter.
