

**Programm of the Young Researchers Seminar
December, 16. 17 and 18 2003
Bron**

Tuesday 16 December 2003

9.30 am	Welcome by INRETS Opening adress by the steering committee Real aims By Jean-Pierre MEDEVIELLE - INRETS, Kurt PETERSEN - DTF, Liisa HAKAMIES-BLOMQVIST - VTI, Cristina PRONELLO - POLITO
9.45 am	<u>1st Technical Session : Environmental issues</u> Tutor : Pr Reinhart KÜHNE - DLR <i>Jens BORKEN - DLR</i> - Assessment of Transport's Impact on the environment <i>Vicky MCCOLL - TRL</i> - Taking apart the vehicle park : Current vehicle recycling techniques <i>Astrid ADMUNSEN - TOI</i> - Reducing use of studded winter-tyres in the city of Drammen <i>Inge Jiri JEDLICKA - CDV</i> - Calculation and modelling of air pollution
11.45 am	Pause
12.00 am	<u>1st Cross Cutting Session : Pr Reinhart KÜHNE- DLR</u> - 10 minutes opening notes - 20 minutes discussion - 10 minutes summary
1.00 pm	Lunch
2.00 pm	<u>2nd Technical Session : Economical issues charging and transport value</u> Tutors : Dr Harrald MINKEN - TOI and Pr Lars HULT KRANTZ - VTI <i>Bjonar Andreas KVINGE - TOI</i> - Infrastructure charging, slot allocation procedures and harmonisation of charges in European railways <i>Esther MADRIGAL - UPM</i> <i>Pauline WORTELBOER - AVV</i> - Applied methods in transport planning - value of time <i>Jens Erik NIELSEN - DTF</i> - Taxation, time allocation and externalities
4.00 pm	Pause
4.45 pm	<u>2nd Cross Cutting Session : Dr Harrald MINKEN - TOI and Pr Lars HULT KRANTZ - VTI</u>
5.30 pm	End and tranfer by bus to the hotel
8.00 pm	Cruise Dinner

Wednesday 17 December 2003

9.00 am	<p><u>3rd Technical session : Safety issues</u></p> <p><u>Tutors</u> : Dr Alan STEVENS - TRL and Dr Rune ELVIK -TOI <i>Hélène REIGNER - INRETS</i> - Road safety policy in France : the gap between technical expertise and politics <i>Jolieke MESKEN - SWOV</i> - Determinants of emotions in traffic : the person versus the situation <i>Daniel KRAJZEWICZ - DLR</i> - A cognitive driver model <i>Saskia de CRAEN - SWOV</i> - Calibration in Young drivers <i>Barbara CHARBOTEL - INRETS</i> - Work related road crashes... What do we know? What are the research needs?</p>
9.00 am	<p><u>4th Technical session : Economical issues II</u></p> <p><u>Tutors</u> : Dr Jose Manuel VASSALLO - UPM and RD Mogens FOSGERAU - DTF <i>Marco DIANA - POLITO</i> - Modelling versus simulation : a comparison between two approaches for the assessment of the service quality <i>Ingar LARSEN - TOI</i> - Freight transport as value adding activity : a case of study of Norwegian fish transport <i>Francesco RAMELLA - POLITO</i> - The lesson from deregulation in Great Britain : why smaller transport subsidy is better <i>Mikal HOMBALD - DTF</i> - Proposal for a Danish national freight transport model</p>
11.15 am	Pause
11.30 am	<p><u>Common Cross cutting session : Dr Alan STEVENS - TOI, Dr Rune ELVIK - VTI, Dr Jose Manuel VASSALLO - UPM and RD Mogens FOSGERAU - DTF</u></p>
1.00 pm	Lunch
2.00 pm	<p><u>5th Technical session : Safety issues II</u></p> <p><u>Tutors</u> : Karl Josef HÔHNSHEID - BAST and Dr Juka LUOMA - DLR <i>Monique VAN RAAMSDONK - AVV</i> - Interactions between car and truck drivers <i>Kai ASSING - BAST</i> - Focuses on heavy goods vehicle accidents in Germany <i>Sjoerd HOUWING - SWOV</i> - The development and maintenance of driving skills of young moped riders <i>Brian LAWTON - TRL</i> - The safety of cyclists <i>Thomas TROUGLAUER - DTF</i> - The use of mobile phones among professional drivers of heavy vehicles <i>Etienne JAVOUHEY - INRETS</i> - Predictive factors of handicap for children severely injured in a road traffic accident</p>
4.30 pm	Pause
4.45 pm	<p><u>Cross cutting session : Karl Josef HÔHNSHEID - BAST and Dr Juka LUOMA - DLR</u></p>
5.30 pm	Free

Thursday 18 December 2003

8.30 am	<p><u>6th Technical session : Safety issues III</u> <u>Tutors</u> : Jurgen RATAJ - DLR and Liisa HAKAMIES-BLOMQUIST - VTI <i>Catherine GABAUDE - INRETS</i> - To accord mobility and safety issues for elderly drivers : considerations on driving competency assessment <i>Karel MARSALEK - DLR</i> - The DLR alertness management program for companies <i>Andi FLINT - TRL</i> - Steering Intropy as a mesure of impairment <i>Anja KNOCHE - BAST</i> - Pharmaceutical indications of road safety related impairments in the acute and post acute cocaine plan <i>Marlene RISHOJ KJAER - DTF</i> - Elderly car driver in Denmark</p>
11.15 am	Pause
11.30 am	<p><u>Cross cutting session : Jurgen RATAJ - DLR and Liisa HAKAMIES-BLOMQUIST - VTI</u></p>
12.00 am	<p><u>Key note session - «Measure and measurement from statistics to indicators and advanced mathematical basements» : Dr Michel MAURIN - INRETS</u></p>
1.00 pm	Lunch
2.00 pm	<p><u>7th Technical session : Sustainability</u> <u>Tutors</u> : Pr Cristina PRONELLO - POLITO <i>Elena LOPEZ - UPM</i> - Does the Spanish infrastructure Master Plan 200-2007 improve long-term sustainability? <i>Foteini MIKIKI - HIT</i> - Internalization of airport noise social cost : a long way from theory to action <i>Katja RUSILA - VTT</i> - Evaluation of welfare impacts on strategic transport system planning <i>Eva SIMONOVA - CDV</i> - Elements of traffic in Through-passes in the Czech Republic</p>
4.30 pm	Pause
4.45 pm	<p><u>Cross cutting session : Pr Cristina PRONELLO - POLITO</u></p>
5.30 pm	<p>Summary and adjournment by steering committee representatives and moderators : Jean-Pierre MEDEVIELLE - INRETS, Cristina PRONELLO - POLITO, Liisa HAKAMIES-BLOMQUIST - VTI, Kurt PETERSEN - DTF</p>
6.00 pm	Free
